Designing it yourself?

If you have the design for your garment and would just like us to make it for you that's great! Before sending it over, just make sure that it meets the guidelines on this document.

Block Colours Only

We use a vinyl cutter and heat press to make your garments. This means that we can only work with single colours and can't currently facilitate printed designs. However this is perfect for text!

Supported File Types

Once you are happy with your file please save it as **.dxf**, **.dwg**, **.pdf**, **.ai**, **.svg** or **.afdesign**. However for maximum compatibility we would prefer your file to be:

- .ai** (Adobe Illustrator)
- .afdesign** (Affinity Designer)

Finished?

Take a look at our available materials and garments over the next few pages. Once you have decided what you want you can send your file to **hello@dundasdigital.co.uk** or alternatively you can use our 'Get a Quote' page on the website. Once all this is sent over we aim to get a quote sent out within 1 working day.

Why should we design for you?

We offer a design service for those who are unable to supply their own digital files or templates. We are happy to talk through your needs and develop designs and digital models ready for manufacture.

What We Need

To understand what you want we will need as much information as possible. When you get in touch for a quote consider including the following:

- Photos or sketches
- Sizes of designs
- Garment type, colour and size
- Printing materials and colours

Design Pricing

To design your file, we charge **£25 per hour**. We will include estimated design time within the quote.
